

# PASMO MACHINE

## INTRODUCTION OF PASMO S930T MODEL:

### Product features

(Tips: More outward, better performance)

#### Eliminated frozen cylinder

One touch cyclic heating function, solves frozen cylinder problem completely.

#### Pasteurization

No-clean for 14 days, keep the mixture fresh all the time.

#### Air pump system

### Product parameters

Capacity: 40L/H	Specification: 635*380*803mm	Self-check
hopper: 1*9.5L	Carton size : 755*500*1020mm	Mix-low alarm
Cylinder capacity: 2.0L	N.W.: 110Kg	Beater type: SS304
Power: 1.8KW	G.W.: 120Kg	Hopper agitator

### Refrigeration system

No.of compressors : 1	Compressor capacity: 3753BTU/h
Gas of compressor : R404A	Refrigeration type: Air cool
Compressor brand : EMBRACO/TECUMSEH	

### Transmission system

Motor: 1*550W	Voltage type: 220V-50Hz/60Hz
