

Cooling tray—Perfect to your yogurt shop!

The Icetainer® Cooling Tray is an ideal solution for restaurants, hotels, schools, hospitals and other places where cold food is served with a desire to retain quality and taste. Cheap solution for your yogurt shop. Perfect to set fruit and candy bowls on it.

Refrigerated items must maintain a temperature of max. +8 ° C in order to avoid increased bacterial growth, impaired taste and quality. The temperature of chilled foods served without cooling device increases rapidly! To solve the problem, one can extend this time significantly by using Icetainer® Cooling Tray. It is convenient to have two sets of cooling tray, when the temperature approaching max. +8 ° C.

About Icetainer:

- Bench model
- Available in sizes, Dimensions (cm):
 - G260: B16 x D38 x H26,3
 - G525: B32 x D38 x H52,5

- **Cleaning:**

- Clean the tray with a wet cloth! NOTE
May not be cleaned in the dishwasher!

- **Freezing:**

- At a temperature of -20 ° C freezing
time is around 8 hours.

- When freezing, cooling tray can be
stored either vertically or horizontally in
the freezer. It is then always ready to use
and you can quickly take it out for pres-
enting the chilled goods.
